Plan

Online Customs Training

Understand the key concepts of customs, the documentation required and the options available to reduce the impact of Brexit with our online Customs Insights course.

Brexit: Act On Initiative

Brexit: Act On Initiative offers advice and support on financial and currency management, strategic sourcing and customs and logistics.

Brexit Scorecard

The Brexit Scorecard is a free online tool which assesses your business readiness. The scorecard is intended as a first step towards preparing for Brexit and developing a robust Brexit plan.

Be Prepared Grant

The Be Prepared grant, which offers up to €5,000 or 50% of the total cost in financial support, can be used to help cover consultancy, travel and expenses for both domestic and international employee travel. The grant is intended to provide strategic support to companies to use internal resources or a third-party consultant to undertake a short project to determine how the company could respond to Brexit.

Brexit Advisory Clinics

The core objective of the Brexit Advisory Clinics is to provide practical information to companies nationwide and support them to take immediate action to address their exposure to Brexit.

Innovate

Agile Innovation Fund

This fund supports clients to quickly develop innovations and respond to opportunities and threats in new and existing markets. It is a great fit for companies that need to rapidly develop solutions or are planning their first R&D project. Eligible companies submit a short online application form to get quicker approval for projects with a maximum expenditure of €300,000.

Business Innovation Funding

Business Innovation Funding supports companies that want to seriously step-up how they do business. Projects should involve a real change to your company's business model, possibly by implementing a new service delivery or production method. Projects should be innovative and include a level of risk, and not simply focus on routine changes or adopting best practices.

R&D Funding

This funding enables companies to conduct industry-led R&D that helps grow sales and employment. It supports companies to expand to new markets or increase competitiveness through the strategic development of new or improved products, services and processes. Companies may also qualify for tax credits under the R&D Tax Credit Scheme.

Compete

Operational Excellence Offer

This offer incorporates business innovation, capital investment and capability building (including Lean) into a single project. The goal is to incentivise and support the key elements of a larger transformation project leading to significantly increased competitiveness.

Lean Business Funding

Lean methodologies have helped hundreds of Irish companies to improve efficiency and to reduce waste in terms of operational processes. Enterprise Ireland has a full suite of supports in this area, ranging from initial consultancy awareness to an entire organisational-level capability building or training project.

Capital Investment Initiative

The aim of the Capital Investment Initiative (CII) is to assist Enterprise Ireland client companies improve productivity and competitiveness through the acquisition of new capital equipment and technology.

Diversify

Market Discovery Fund

The Market Discovery Fund is designed to help companies of all sizes to prepare to enter new markets. By providing funding to hire consultants with in-depth knowledge of the target market, businesses can determine barriers to entry, assess the competitive landscape and identify opportunities. This support also enables companies to carry out market research and develop an effective strategy.

Market Research Centre

Continuous intelligence gathering is key to successful export growth. Enterprise Ireland has a range of world-class market research reports which detail relevant company, market and sector information. These reports can be accessed at one of our regional locations or from the Market Research Centre in our Dublin office.

Trade Events

Enterprise Ireland's extensive programme of year-round trade missions, trade fairs and knowledge events give our clients the opportunity to network with new and existing customers, access key decision-makers and further their business growth internationally.
